BABCOCK SCENTS VICTORY

Chairman Congressional Committee Has Returned.

STATES WHEELING INTO LINE

pended Upon to Give Large Mc Kinley Majorities-Indiana and Illinots Also Counted in the Sound Money Column.

Chairman Babcock, of the Republican Congressional committee, returned yester-day from his home in Wisconsin, where he has for three weeks been recuperating along the cool shores of the northern lakes. Hecomesback in the best of spirits and I rings idvices that utterly repudiate the state ments of his friends in the Democratic

ommittee. "I find affairs in the West where I have been in the best possible shape," said Mr. Bancock, "and from every side comes word ndicating a sure Republican victory at

the polls.,
"In Chicago I had a conference with Chairman Hanna of the national committee and I can say that that gentleman is perfeetly satisfied with the way things are going and the outlook for the party. There has been a change in the sentiment of

the Western States.
"So far as the situation in my own State, Wisconsin, is concerned, it is absolutely safe for the Republican national and Safe for the Republican national and State tickets. The party is united and there is no religious or other dissension to give the Democrats an opportunity to make inroads into the Republican ranks. Wisconsin is naturally a sound money State, and the large German population is manimous for an honest currency.

WISCONSIN SAFE FOR M'KINLEY. "It is ony a question of the majority we will give Mr. McKinley, and I believe that it will exceed one hundred thousand. Two years ago we carried the State by 66,000. We will also elect a solid Republican dele-gation to Congress from the Padger State. All of the old members except Mr. Sauerhering has been renominated. Should be fail of renomination there might be some question as to the result in that close disrict with a new man. That, however, is he only district in the State about which there can be any question as to the result. The State ticket named is a good strong one and will receive the support of all the business interests.

So far as Michigan is concerned I be theve the nomination of Mr. Pingree will strengthen the Republican party. Whatver may be his individual views, he is "In Chicago I met a well-known polifrom an extensive tour of Indiana. He was positive that the defection of the silverites from the Republican party there would not exceed 3 per cent, and that this would be vastly more than offset by the gains from the Democrats, who would not support a free silver ticket.

GETTING BACK INTO LINE. "Many Republicans who were inclined to talk free silver just after the St. Louis convention have been brought back into structive literature which we have dis-tributed.

"This committee held the key to the situation months ago," continued Mr. Bab-cock, with a sly twinkle in his eye. "Realcock, with a sty twinkle in his eye. "Real-izing that the money question would be the paramount issue in this campaign we accumulated a vast amount of educational literature upon the subject and were pre-pared to send it forth the very minute

the fight was started.
"We were ready to answer any question that came up upon the financial subject. We could not be taken off our guard utany sort of query. The good effect of this sort of work is already apparent. Wherever we have been able to make any sort poll it shows remarkable gain

Mr. Babcock stated that he was not famil-iar enough with the local situation in Minnesota to make any positive statement, but that his information was that in the only doubtful district, the Sixth, Mr. Towne woul i be defeated and the regular nominee of the Republican party elected. He did not think there was the slightest question about McKinley carrying the State. SENATOR VILAS' SUCCESSOR.

"Who will succeed Senator Vilas from Wisconsin." Mr. Babrock was asked. "Ex-SenatorSpooner, without doubt," was the reply. "There will be little or no opposition to him, and my information is that ex-Senator Sawyer will not be a candi

"In Illinois, early in the struggle, there was a good deal of talk of Republicans coming out for free aliver, but at the same time they were demanding literature and information on the troublecome question. We supplied it to them and the effect of that information is bearing its legitimate fruit.

"The people are not yet ready to upturn our monetary system, unsettle value and bring untold troubles upon themselves for the sake of supporting a platform that is not founded upon a principle form that is the a mere sentiment.

The reaction has set in in that State, and what is true there may be said of other sections of the country.
